OUT ALL NIGHT.

Clarence Macfarlane Has a Yacht
Adventure.

There were grave fears Monday
night at both the Peninsula and in
town, as to the safety of Clarence Mac-
farlane. He started out in his yacht
the "Hokulele" at about 3 o'clock in
the afternoon with a load of shingles,
lumber and provisions for his place on
the Peninsula. In the boat with him
were two men to assist in the sailing
of his craft.

It was 9 o'clock in the evening when
a telephone message was received from
Mrs. Macfarlane at the Peninsula stat-
ing that Mr. Macfarlane had not yet
arrived, although he had always been
known to make the trip in much short-
er time in less favorable weather. Lat-
er on another telephone message ar-
rived to the same effect. His brother,
Mr. Ned Macfarlane, immediately
made arrangements for the tugboat
and the Union Express Company's
launch.

In the meantime a canoe with a
lone native, arrived at the Peninsula
with a note from Clarence Macfarlane
saying that he was fast on a sand spit
off Pualoa and that he would not be
able to get to the Peninsula before
morning. Accordingly, in the morn-
ing, he turned up all safe and sound,
but a bit sleepy for his night's expe-
rience.

Chinese in a Cemetery.

There were several hundred Chinese
in their Manoa cemetery all of yester-
day. Once a year the Chinese visit
graves of friends and relatives and
hold ceremonies that are but little un-
derstood by some people. There were
some services of a religious nature and
there was a good deal of feasting.
Large parties of Chinese went out in
busses carrying food and flowers. In
the baggage was noticed a number of
whole baked pigs. A great many city
people and a number of tourists visited
the cemetery to hear the noises and see
the feasting and ceremonies and the
burning of prayer paper.

Men and Material.

W. Henry, road supervisor for all of
Koolan, was in town yesterday and for
several hours in consultation with Mr.
Rowell, Superintendent of Public
Works. A schooner has been charter-
ed to carry lumber, cement and iron to
the other side of the Island for the
construction and repair of bridges.
Cargo is to be landed early next week.
Work is already under way at several
places. A man to direct the stone work
happened to be on the ground. A bridge
building foreman will be sent from Ho-
lolu.

The Drill This Evening.

It is expected that there will be a
very good turnout of all the elements of
the First Regiment for the drill order-
ed by Colonel Fisher for this evening.
There will be the usual march to the
Makiki baseball grounds, where a num-
ber of movements will be executed, the
evening closing with a dress parade.
Besides the Government band the reg-
iment will have the regulation field
music, which has been especially prac-
ticed for the occasion by Drum Major
King.

CAUTION.

If you value your health you will not
allow anyone to impose upon you by
offering you a cheap substitute. Re-
member that the "Rainier" and
"Olympic" beers are just what they are
represented to be. Both are the prod-
uct of the most perfectly grown barley
and the best hops to be had. On tap
or in bottles at the Crittendon Saloon.

League Season Opening.

At a meeting held yesterday it was
decided to postpone the opening of the
league baseball season for one week.
This will bring the first game on the
16th inst., and the contesting teams
will be the Honolulu and Unions. The
remainder of the schedule will be as
heretofore published in this paper. All
this was agreed to yesterday by Jas.
Thompson for the Honolulu club, Fred
Gouldie for the Union team and Ger-
man for the Regiment nine. All the
players and substitutes are now un-
dergoing hard practice under the or-
ders of the various captains.

An Estate Change.

The proposed final accountings of B.
Cartwright as trustee for Mand Auld,
Edith Morton and H. C. Morton, as re-
ported by Referee Thompson, have
been approved by Circuit Judge Perry.
The petition of Mr. Cartwright for dis-
charge has been granted, but the Court
holds in abeyance the matter of select-
ing a successor to the trustee.

RHEUMATISM CURED.

MR. J. G. SPENCER,
PACIFIC HARDWARE CO.,
Honolulu.

DEAR SIR:—The Secretary Disc Plow I pur-
chased from you is giving us satisfaction. We
are using it to plow under a crop of lupins. They
are three feet high and very thick. Your plow
turns them completely under, at the same time
plowing the land fourteen inches deep.

I feel satisfied that with this plow the draft
for the same quantity and depth of work is as
6 to 8. That is, with the old plow, to do the same
work, it takes 8 good mules; with your plow it
takes only 6, and they are less tired at night.

Please send me another plow by first schooner
leaving for this.

You are at liberty to use this in any way you
may see fit. Yours truly,

A. LIDGATE.
